AUTHORS' BIOGRAPHICAL STATEMENTS

Dr. Adel S. Elmaghraby is Professor and Chair of the Computer Engineering and Computer Science Department and the Director of the Multimedia Research Lab at the University of Louisville. He has also held appointments at the SEI - CMU, and the University of Wisconsin-Madison. His research is in Intelligent Multimedia Systems, Neural Networks, PDCS, Visualization, and Simulation with applications to biomedical computing, automation, and military war games. He is a member of editorial boards, and technical reviewer. He has been recognized for his achievements by several professional organizations including a Golden Core Membership Award by the IEEE Computer Society**.**

Dr. Mehmed Kantardzic received the B.S., M.S., and Ph.D. degrees in Computer Science from the University of Sarajevo, Bosnia. Until 1994, he was an Associate Professor at the University of Sarajevo, Faculty of Electrical Engineering. In 1995 he joined the Computer Engineering and Computer Science Department, University of Louisville as a visiting faculty, and since 2001 he is Associate Professor at the same Department, and Director of Data Mining Lab. His research interests are: data mining, soft computing, multimedia technologies on Internet, and distributed intelligent systems. He published in refereed journals and conference proceedings more than 120 articles, and his book on data mining is published by IEEE and John Wiley in 2002. Dr. Kantardzic is a member of IEEE, ISCA, SPIA, and he was Program Chair for ISCA '99 Conference in Denver, CO, and General Chair for ISCA-2001 Conference in Arlington, VA.

Dr. Mark P. Wachowiak obtained the Master of Science Degree from the University of Louisville in 1997, and the Ph.D. in Computer Science and Engineering from the same institution in 2002. He is currently with the Imaging Research Laboratories at the John P. Robarts Research Institute in London, Ontario, Canada. His research interests focus on biomedical computing and engineering, and include medical imaging, soft tissue modeling, surgery and therapy simulation, numerical analysis, and high-performance computing. Dr. Wachowiak is a member of the IEEE, the IEEE Engineering in Medicine and Biology Society, and SIAM.
