

**Tentative
SEMINAR SCHEDULE
Fall 1999**

**Department of Computer Science
Louisiana State University**

Date & Time	Location	Speaker	Title
Thu, Sep 9th, 3:40pm	Nicholson 129	Dr. Michael Stroschio (Army Research Office)	Distinguished Lecture: Dimensionally-Confinned Optical and Acoustic Phonons and Their Interactions with Carriers in Nanostructures
Fri, Sep 10th, 3:00pm	Coates 263d	Dr. A. Lakhotia (U. of Southwestern Louisiana)	Restructuring Functions with Low Cohesion
Fri, Sep 17th, 3:00pm	Coates 263d	Dr. Steve Seiden (Louisiana State University)	Scheduling Two Machines with Release Times
Fri, Sep 24th, 3:00pm	Coates 263c	Dr. B. Belkhouche (Tulane University)	Multiple View Analysis of Software Designs
Fri, Oct 1st, 3:00pm	Coates 263c	Dr. P. Varshney (Syracuse University)	Distinguished Lecture: Multisensor Data Fusion
Thu, Oct 14th, 3:40pm	Coates 103	Dr. John Zavada (Army Research Office)	Distinguished Lecture: Novel Light Emission from Rare Earth Doped Semiconductors
Fri, Oct 15th, 3:00pm	Coates 263d	Dr. Sundar Vedantham (Louisiana State University)	Intoduction to the ATM Network Model
Tue, Oct 19th, 3:30pm	Coates 103	Dr. Richard Hirsh (National Science Foundation)	Distinguished Lecture: The National Science Foundation and Information Technology Research
Fri, Oct 29th, 3:00pm	Coates 263c	Dr. Benjamin Wah (University of Illinois, Urbana-Champaign)	Distinguished Lecture: Global Optimization of Nonlinear Constrained Problems and its Engineering Applications
Fri, Nov 5th, 8:30am	Coates 263c	LSU Faculty ()	Information Technology Center Symposium
Thu, Nov 11th, 3:00pm	Coates 263d	Dr. Sundar Vedantham (Louisiana State University)	MPLS - An Introduction
Fri, Nov 12th, 3:00pm	Coates 263d	Dr. L. M. Patnaik (Indian Institute of Science)	Hierarchical Location Information Management in Mobile Distributed Computing
Fri, Nov 19th, 3:00pm	Coates 263d	Dr. Vijay Raghavan (University of Louisiana, Lafayette)	The Item-set Tree: A Data Structure for Data Mining
